“One word – WOW!! Our membership consists of 100 chief decision makers spanning 33 industries. It was a huge risk requesting a comedian to *add* political material. The way you incorporated local and state politics and current affairs seamlessly into your performance made your show even funnier and so unique – the members loved it.

I highly recommend you, without any reservation.”

“I just wanted to say Thanks Again for the great job you did last Friday night! Everyone was still talking about you the rest of the weekend. One attendee said he was at a different investment firm's conference a few weeks ago and they had Jay Leno as their entertainer. He said you blew him off the stage with your comedy and closing act on Friday.”

“Chris brought the house down. His uniquely intelligent and topical comedy was made all the more engaging and funny because of the work he did to prepare specifically for our audience. Chris attended the general sessions and was able to incorporate comical observations common to everyone in the room.

I really appreciate Chris's talent and professionalism. Most of all, I love looking around the room as the audience is giving him a standing ovation. Without reservation, I heartily recommend Chris Bliss.”

“I want to thank Chris Bliss for the outstanding contribution he made to Noble Group’s annual Global Think Tank in Dubai. He is one of the best speakers we have contracted, because what he does comes from the heart as well as the head, and is absolutely tailored to the needs of the group.

He was passionate about the project from the outset, brought to the table relevant and very creative ideas, researched the client, and was interested and interesting. He was an absolute pleasure to work with. I highly recommend Chris Bliss.”

“Chris was awesome. He came to our meeting, picked up stuff our producers were presenting to their peers, and worked it into his show. It was hilarious and the crowd loved it. The juggling at the end absolutely blew everyone away and ended a great show on a fantastic high and buzz. A highly memorable note, and with a large exclamation mark!”
